

CAP 2022 VIRTUAL CONGRESS

Plenary Speaker

Jane Heffernan | York University

Jane Heffernan is a Professor of Mathematics & Statistics at York University, where she leads the Modelling Infection and Immunity Lab.

She is a co-Director of the Canadian Centre for Disease Modelling, and she leads national and international collaborative networks in immunity modelling.

Dr Heffernan is a member of the Canadian Immunization Research Network, and she currently serves as a scientific advisor to the COVID Immunity Task Force (CITF), and a consultant to Health Canada, on COVID-19 healthcare demand. Dr Heffernan was recently elected to the Royal Society of Canada, College of New Scholars, Artists and Scientists (2021)
